Mickey:

Our data is still coming in on the ASTs but this is what I have at the present.

Subject: Lonestar

Gary,

I had a conversation this morning with Lonestar concerning removal/disposal of the waste within the ASTs in exchange for the ASTs. When you receive the AST's analytical data results please forward a copy to me including the volume of waste in each tank. Lancer (Riverside) is also interested in pursuing the same type of arrangement.
